

Guaranteed Accumulation Protection Rider

Secure Your Tomorrow with Greater Confidence Today

When planning for your retirement, stability and clarity are essential. That's why Guaranty's Guidepath Growth Fixed Index Annuity (FIA) offers an innovative **Guaranteed Accumulation Protection (GAP) Rider** designed to deliver a guaranteed reliable level of growth to help you prepare with greater confidence.

What is the GAP Rider?

Guidepath Growth's optional GAP Rider is a powerful way to ensure a positive outcome. It **guarantees** your account value will reach a minimum level based on a GAP factor. This percentage determines the GAP amount. This is calculated as premiums minus withdrawals multiplied by the GAP factor.

It's simple: your interest is credited at the end of the surrender charge period based on the higher of the index performance or the GAP amount. This added layer of protection may provide greater financial peace of mind, especially in uncertain markets.

The GAP Rider is available on
Guidepath Growth, 5- and 7-year terms
for an annual fee of 0.20%*.

GAP factor for 5-year term is **120%***

GAP factor for 7-year term is **130%***

Key Benefits:

- ▶ **Predictable growth:** Know the minimum return upfront with your GAP factor locked in at issue.
- ▶ **Market protection:** Help safeguard your account from the possibility of poor index performance.

See how the **GAP Rider** may meaningfully impact your retirement savings strategy with this hypothetical example.

Description	Value
Initial Guidepath Growth premium	\$100,000
Guidepath Growth contract term	5 Years
Annual crediting index growth rate	3.25%
Account value without GAP Rider	\$116,172
GAP factor	120%
GAP amount	\$120,000

What this shows:

- ▶ With an assumed 3.25% annual growth, the account value would fall short of the GAP amount.
- ▶ The **GAP Rider steps in** by applying a one-time credit to bring the account up to the guaranteed \$120,000, a difference of \$3,828!
- ▶ Even in a low-growth environment, you enjoy a **positive outcome**.
